2022 LEGISLATIVE NOTES

By Kody Kyriss,
SDATAT Lobbyist

The third week of session is here and gone. The unlimited bill drop deadline has been met which means there are now a total of 271 House bills and 168 Senate bills. Individual bill submission has a deadline of February 2, 2022.

There has been an update to bills that may be of interest to your Association since last week. SB 40, the bill relating to biogas lines and notice to property owners and governmental entities, was finally heard in Senate Commerce and Energy. The bill passed overwhelmingly with no concern from legislators which resulted in a 9-0 vote out of committee.

You will recall in the last newsletter that I mentioned HB 1075 which related to the publishing of legal notices. This bill passed unanimously out of House Local Government and then passed overwhelmingly on the House floor 69-1. It's fair to say that, unlike last year, this bill will pass both the Senate and House.

Finally, another new bill that may be of interest to your association is SB 126 which requires the disclosure of litigation over the recreational use of non-meandered waters. This bill has been referred to Senate State Affairs.

Your Association continues to push legislation forward. HB 1070 is the bill that your Association has been working through with Representative Finck. This bill passed unanimously in House Transportation and was placed on the House floor consent calendar. Your Association leadership and I worked with Representative Finck and others to attempt to

achieve our tax levy amendment. Unfortunately, your Association leadership and I were not able to successfully lobby this amendment.

As I mentioned last week, I have been working with Representative Chase to further discuss bills relating to the removal of crops along township roads by adjoining landowners and increasing compensation for a township board member overseer. These bills have been "officially" dropped with the numbers being HB 1156 and HB 1155 respectively. Your Association leadership and I will be diligently working to pass these bills through the legislature.

I suspect next week will be the busiest week of legislature yet. There will be much to report at the conclusion of next week's legislative session.

HB 1070:

Clarify certain provisions of the rural access infrastructure improvements grant program.
