

LEGISLATIVE UPDATE

February 4, 2022

Issue # 4

2022 LEGISLATIVE NOTES

By Kody Kyriss,
SDATAT Lobbyist

The fourth week of session is complete. The deadline for individual bills has been met which means the next significant deadline is crossover, which is February 23, 2022. As of now, there are 339 House bills and 212 Senate bills, demonstrating a busy legislative session.

Your Association was physically present at the Capital this week on Wednesday, February 2. As is tradition, your Association leadership served SDSU ice cream to the various legislators, lobbyists, interns, pages, and everything in between.

Your Association leadership also hosted its annual social event at Cattleman’s, prior to which they had a business meeting to discuss matters such as legislative issues. During this time, I provided an update of various legislation. **SB 40**, the biogas gathering line safety bill, has been referred to House Commerce and Energy. **HB 1205**, An Act to revise the duty of governing boards regarding dangerous roadways – a bill concerning to your Association – died in House Transportation. **HB 1075**, An Act to modify legal and official notice publication requirements, is “flying” through the legislature as it has passed through the House and will likely pass the Senate as well. A bill of possible concern to your Association, **HB 1073**, An Act to require taxing districts to hold a public hearing when increasing property tax revenues relative to the previous year, is being closely monitored by your leadership and myself. Your Association leadership and I are continuing to learn more about this bill prior to taking any “official” position on it.

As always, your Association is diligently pushing legislation forward. **HB 1070**, a bill your Association has been closely following due to it relating to the rural access infrastructure fund, is scheduled for hearing in Senate Transportation on February 4, 2022 where it will likely pass overwhelmingly. As I have stated in previous legisla-

tive updates from this year, your Association leadership has been working diligently with Representative Chase to introduce bills relating to the removal of crops along township roads by adjoining landowners and increasing compensation for a township board member overseer. As I said last week, these bills have been “officially” dropped with the numbers being **HB 1156** and **HB 1155** respectively. As of this time, these bills have only had their first House reading. However, I would expect their committee placements soon.

As you can tell, this legislative session is a busy one. I will continue to monitor all bills of interest and inform your leadership accordingly.

HB 1070:

Clarify certain provisions of the rural access infrastructure improvements grant program.

- Sponsors:** Finck (prime)
- 1/18/2022 First read in House and referred to House Transportation H.J.34
